

## Aetna Better Health® of Kansas Notification of Pregnancy

Aetna Better Health of Kansas is excited to remind you about our provider incentive to improve early prenatal care. This is one of the many incentives available in our Healthier Outcomes VBS Program, which can be found here [Healthier Outcomes program | Aetna Medicaid Kansas \(aetnabetterhealth.com\)](#)

The **incentive is \$50** for the first notification of a member's pregnancy followed by a prenatal care visit and will increase to **\$100** if the member also has a behavioral health diagnosis.

This incentive is for all providers delivering care to Aetna Better Health members.

### **Please use the Notice Of Pregnancy form to notify Aetna Better Health of Pregnancy**

- [Materials and Forms for Providers | Aetna Medicaid Kansas \(aetnabetterhealth.com\)](#)
- Printing several copies to have available in the clinic to complete at the time the member is seen and identified as being pregnant is the recommended process.

Please note that the Provider Notification of Pregnancy form **must be received within 30 days** of the appt. date during which the pregnancy was identified. The goal is to inform ABHKS as soon as possible so that the member can be enrolled in Care Management for the duration of the pregnancy. Send forms to the e-mail or fax # listed below.

- Fax – **1-959-900-6055**/email to: [abhks\\_qm@aetna.com](mailto:abhks_qm@aetna.com)

### **Questions?**

If you have general questions about this communication, please contact our Provider Experience Department:
