# **Provider Appeals & Disputes**

---

# What is an Appeal?

An appeal is a formal post service expression of dissatisfaction in which a provider requests that ABH change an adverse determination for care or services rendered to a member.

When submitting an appeal, be sure to:

1. Use the [Appeal Form](#) to submit your appeal in writing to the appeals department
2. State the factual basis for the relief requested.
3. Include all supporting documentation with the appeal, such as claim, medical records, office notes, operative notes, remittance advice and any other substantial documentation.

**IMPORTANT:** Failure to specifically state the factual basis of the appeal and/or failure to submit supporting documentation may result in denial of the provider appeal. The Provider Clinical Appeals committee reviews all appeals and makes the final determination.

# Appeal Submission Trends and Reminders

- Medical Records are being submitted to the appeals department without a letter or appeal form
- A mailing address to return the appeal determination is not supplied in the appeal letter or on the appeal form
- Requests from providers for 2<sup>nd</sup> Level provider Appeals even though the 1<sup>st</sup> Level Appeal Decision is final
- When appealing denied Prior Authorizations on behalf of the member, member consent is required:
  - Requests without written member consent are pended for 30 days and a *Consent for Provider to File a Grievance for Member Form* is sent to the member
  - The Appeal Review **cannot be started** until written member consent is received
    - If consent is received, the case will be started for review which could take up to 30 days
    - If consent is not received, the case is closed as ineligible for review

## What is a Dispute?

A dispute is a verbal or written expression of dissatisfaction concerning a decision that directly impacts the provider. Disputes are typically administrative and do not include decisions concerning medical necessity. Formal provider disputes must be received in writing.

Disputes can be resolved through multiple avenues such as:

- ABH Secure Web Portal
- Availity Portal
- Claim Inquiry and Claims Research (CICR)
- Network Relations Consultant (assigned provider rep)

# Appeal Timeframes

## Appeal Filing

Appeals must be received within (60) days of claim notification.

## Acknowledgement

ABH will send acknowledgement within (5) business days of receipt.

## Appeal Decision

A decision will be rendered within (60) calendar days after receipt.

## Appeal Extensions

ABH may request an extension of up to (30) calendar days, if necessary.

## Decision Letters

ABH sends letters within (5) business days after a committee decision is made.

\*Timeframes may vary depending on terms of the provider contract.

# Appeal Reminders

Submit post appeal claim review appeals to Cotiviti and/or Equian address when applicable. If the appeal is upheld, the provider can then file a formal appeal to the plan.

Ensure that provider addresses are legible and accurate on the appeal letter so that responses can be sent to the correct address.

Ensure that the contract in place for the date of service in question aligns with the appeal request.

Utilize the P2P process for pre-service denials. If the P2P timeframe is missed, a new prior authorization request form with the additional information required can be sent.

ABH is required to follow up with providers on claim denials notices submitted to the plan as member complaints.

# Miscellaneous Contact Information
